To Whom It May Concern

This letter of recommendation refers to Mr./Miss. **Mintesinot Gebre Tessema** I know him/her very well since he/she studied and graduated with BSc in Mechanical Engineering in Bahir Dar University, Institute of Technology in June 24, 2016/2017. Mr/Miss. **Mintesinot Gebre Tessema**; was one of the young energetic student in our Faculty. I would like to confirm that he/she is an excellent and hardworking student and liked by him/her classmates and university communities. The mammoth interest articulation enthusiastic effort in him/her day to day academic activity indeed well, without any condition, make him/her confident and effectively proficient person in his/her field of study.

The college strongly needed and recommended the candidate to participate in the field of his/her choice in any work. Participation of the candidate in any Mechanical Engineering related scholarship program will enable him/her to acquire new knowledge and skill in the area of his/her specialization. The newly acquire knowledge and skill of the candidate will be used by involving him/her in learning in collage and participating him/her in various community service. Therefore I strongly recommended him for the opportunities offered to him/her in this regard.
